

**Vermont Flames**  
**“Hockey on the Edge of Excellence”**

---

**Coach: David Pavlik**  
**European & N. American Professional Experience**

---

**VT Flames Philosophy**

Encourage development of players through practice and dedication. It must be the child’s own desire to become the best hockey player he or she can be in order to become truly successful. VT Flames focuses on hockey fundamentals throughout the program. Great hockey players must have a solid foundation of skating, passing, and stick handling. Hockey is a game of extraordinary skill, team spirit, and hard work. It is our desire to help your child develop his or her individual strengths and all-around playing ability.

---

“David’s knowledge of hockey from his European and American background will provide children with a unique experience of combining the best of both styles to improve skating, passing and shooting.” - *Cory Stillman, Carolina Hurricanes*

---
